In accordance with rules and regulations adopted by the United States Securities and Exchange Commission (the “**SEC**”), instead of mailing a printed copy of our Meeting proxy materials to each stockholder of record, we may furnish the Meeting proxy materials to our stockholders on the Internet. On or about August 27, 2025, the Company will mail to all stockholders of record, as of August 19, 2025 (the “**Record Date**”), a Notice of Internet Availability of Proxy Materials (the “**Notice**”). You will receive only the Notice by mail. You will not receive a printed copy of the Meeting proxy materials unless you specifically request printed copies from us.

Please carefully review the Notice for information on how to access our proxy materials via the Internet. Meeting proxy materials consist of the Notice of Annual Meeting, Proxy Statement and Proxy Card (the “**Meeting proxy materials**”), available at <http://www.ovtz.com/investors/annual-general-meeting>. You may also access our Annual Report to Security Holders for our fiscal year ended December 31, 2024 (the “**Annual Report**”), including our financial statements for such fiscal year. However, our Annual Report does not constitute any part of the material for the solicitation of proxies.

The Notice also includes instructions as to how you may submit your proxy vote via the Internet or over the telephone.

If you received only a Notice by mail and would like to receive a printed copy of our Meeting proxy materials or a copy of our Annual Report, please follow the instructions included in the Notice for requesting such materials. There is no charge to you for requesting a printed copy of the Meeting proxy materials or the Annual Report.

Manner of Solicitation and Expenses

This proxy solicitation is made on behalf of our Board of Directors. Solicitation of proxies may be made by our directors, officers and employees personally, by telephone, mail, facsimile, e-mail, internet or otherwise, but they will not be specifically compensated for these services. We will bear the expenses incurred in connection with the

solicitation of proxies for the Meeting. Upon request, we will also reimburse brokers, dealers, banks or similar entities acting as nominees for their reasonable expenses incurred in forwarding copies of the proxy materials to the beneficial owners of the shares of our common stock as of the Record Date.

Record Date and Voting Shares

Our Board of Directors has fixed the close of business on August 19, 2025, as the Record Date for the determination of stockholders entitled to notice of and to vote at the Meeting. As of the Record Date, there were 91,422,569 shares of common stock issued, outstanding and entitled to vote at the Meeting. Holders of shares of common stock are entitled to one vote at the Meeting for each share of common stock held of record as of the Record Date. There is no cumulative voting in the election of directors.

Quorum

A quorum is necessary to hold a valid meeting of our stockholders. The required quorum for the transaction of business at the Meeting is the presence in person or by proxy duly authorized, of the holders of at least twenty-five (25%) percent of the outstanding shares of stock entitled to vote as of the Record Date.

In order to be counted for purposes of determining whether a quorum exists at the Meeting, shares of common stock must be present at the Meeting either in person or represented by proxy. Shares that will be counted for purposes of determining whether a quorum exists will include:

- shares of common stock represented by properly executed proxies for which voting instructions have been given, including proxies which are marked “Abstain” or “Withhold” for any matter;
- shares of common stock represented by properly executed proxies for which no voting instruction has been given; and
- broker non-votes.

Broker Non-Votes

Broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker does not have discretionary authority to vote such shares. Under the broker voting rules of the NYSE, the ratification of the appointment of Davidson & Company LLP, Chartered Professional Accountants, as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2025 (Proposal Two) and the vote to approve the Amendment to Articles of Incorporation to effect the Reverse Stock Split Proposal (Proposal Four) are considered “routine” matters, and the election of directors (Proposal One), the vote to approve the Company’s Omnibus Equity Incentive Compensation Plan (Proposal Three) and the non-binding, advisory vote on the frequency of executive compensation votes (Proposal Five) are considered “non-routine” matters.

Entitlement to Vote

If you are a registered holder of shares of our common stock as of August 19, 2025, the Record Date for the Meeting, you may vote those shares of our common stock in person at the Meeting or by proxy in the manner described below under “Voting of Proxies”. If you hold shares of our common stock in “street name” through a broker or other financial institution, you must follow the instructions provided by your broker or other financial institution regarding how to instruct your broker or financial institution in respect of voting your shares.

Voting of Proxies

You can vote the shares of common stock that you own of record on the Record Date by either attending the Meeting in person or by filling out and sending in a proxy in respect of the shares that you own. Your execution of a proxy

will not affect your right to attend the Meeting and to vote in person. You may also submit your proxy on the Internet or over the telephone by following the instructions contained in the Notice.

You may revoke your proxy at any time before it is voted by:

- (a) filing a written notice of revocation of proxy with our Corporate Secretary at any time before the taking of the vote at the Meeting;
- (b) executing a later-dated proxy and delivering it to our Corporate Secretary at any time before the taking of the vote at the Meeting; or
- (c) attending at the Meeting, giving affirmative notice that you intend to revoke your proxy and voting in person. Please note that your attendance at the Meeting will not, in and of itself, revoke your proxy.

All shares of common stock represented by properly executed proxies received at or prior to the Meeting that have not been revoked will be voted in accordance with the instructions of the stockholder who has executed the proxy. If no choice is specified in a proxy, the shares represented by the proxy will be voted FOR all matters to be considered at the Meeting as set forth in the accompanying Notice of Meeting. The shares represented by proxy will also be voted for or against such other matters as may properly come before the Meeting in the discretion of the persons named in the proxy as proxyholders. We are currently not aware of any other matters to be presented for action at the Meeting other than those described herein.

Any written revocation of a proxy or subsequent later-dated proxy should be delivered to the Company at #507, 837 West Hastings Street, Vancouver, British Columbia, Canada, V6C 3N6, Attention: Corporate Secretary.

Votes Required

Proposal One - Election of Directors: The affirmative vote of the holders of a plurality of our shares of common stock represented at the Meeting in person or by proxy and entitled to vote thereon is required for the election of our directors. This means that the nominees who receive the greatest number of votes for each open seat will be elected. Stockholders may vote in favor of the election of directors or withhold authority to vote with respect to one or more directors. Votes that are withheld and broker non-votes will be counted for the purposes of determining the presence or absence of a quorum, but will have no effect on the election of directors.

Proposal Two – Ratification of Appointment of Independent Registered Public Accountants: The affirmative vote of the holders of a majority of our shares of common stock represented at the Meeting in person or by proxy and entitled to vote thereon is required for the ratification of the appointment of our independent registered public accountants. Stockholders may vote in favor of or against this Proposal or they may abstain. Abstentions are deemed to be “votes cast” and will have the same effect as a vote against this Proposal. Since this Proposal is considered a “routine” matter, if you do not provide voting instructions to your broker regarding this Proposal, your broker will be permitted to exercise discretionary authority to vote your shares on this Proposal. Failure by your broker to exercise this discretionary authority will have no effect on the outcome of this Proposal.

Proposal Three – Approval of Omnibus Equity Incentive Compensation Plan: The affirmative vote of the holders of a majority of our shares of common stock represented at the Meeting in person or by proxy and entitled to vote thereon is required for the approval of the Company’s Omnibus Equity Incentive Compensation Plan. Stockholders may vote in favor of or against this Proposal or they may abstain. Abstentions are deemed to be “votes cast” and will have the same effect as a vote against this Proposal. Since this Proposal is considered a “non-routine” matter, meaning your bank, broker, trust or other nominee does not have discretionary authority to vote on such Proposal, broker non-votes will have no effect on the outcome of this Proposal.

Proposal Four – Approval of Amendment to Articles of Incorporation to effect the Reverse Stock Split Proposal: The affirmative vote of the holders of a majority of our shares of common stock represented at the Meeting in person or by proxy and entitled to vote thereon is required for the approval of the amendment to the Company’s Articles of Incorporation to effect the Reverse Stock Split Proposal. Stockholders may vote in favor of or against this Proposal or they may abstain. Abstentions are deemed to be “votes cast” and will have the same effect as a vote against this Proposal. Since this Proposal is considered a “non-routine” matter, meaning your bank, broker, trust or other nominee does not have discretionary authority to vote on such Proposal, broker non-votes will have no effect on the outcome of this Proposal.

Stockholder Proposals

No proposals have been received from any stockholder for consideration at the Meeting.

Other Matters

It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Meeting. If other matters are properly presented, however, the persons named as proxyholders will vote in accordance with their best judgment on such matters. The grant of a proxy also will confer discretionary authority on the persons named as proxyholders to vote in accordance with their best judgment on matters incidental to the conduct of the Meeting.

No Rights of Appraisal

There are no rights of appraisal or similar rights of dissenters with respect to the matters that are the subject of this proxy solicitation under the laws of the State of Wyoming, our Articles of Incorporation or our Bylaws.

- (1) Under Rule 13d-3 of the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has or shares: (i) voting power, which includes the power to vote, or to direct the voting of such security; and (ii) investment power, which includes the power to dispose or direct the disposition of the security. Certain shares of common stock may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares of common stock are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares of common stock outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of common stock of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding as of the date of this Proxy Statement. As of August 25, 2025, there were 91,422,569 shares of common stock of the Company issued and outstanding.

Meetings of the Board of Directors

The Company's Board of Directors conducted business by way of Director and Audit Committee Resolutions.

The Company does not have a formal policy with respect to director attendance at annual stockholders' meetings; however, all directors are encouraged to attend. It is anticipated that two (2) directors will attend the 2025 annual meeting of stockholders in person.

Board Independence

The Board of Directors has determined that Fabrice Helliker, Maurice Loverso, Tom Perovic and Ron Wages each qualify as independent directors under the listing standards of the NYSE American.

Board Committees

Audit Committee

We are required to have an audit committee comprised of not less than three directors, a majority of whom are not officers, control persons or employees of our Company or an affiliate of our Company. The Audit Committee of the Board of Directors consists of Anton J. Drescher, Maurice Loverso and Ron Wages, who serves as Chairman. The Board of Directors had determined that each Audit Committee member has sufficient knowledge in financial and accounting matters to serve on the Committee and that Anton J. Drescher is an "audit committee financial expert" as defined by SEC rules.

The Audit Committee meets with our independent auditors at least quarterly to discuss the results of the annual audit or interim periodic reviews and to review the financial statements; appoints the independent auditors to be retained; oversees the independence of the independent accountants; evaluates the independent auditors' performance; approves fees paid to independent auditors and receives and considers the independent auditors' comments as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls. The Audit Committee met informally by telephone conference during fiscal 2024.

The Audit Committee is primarily concerned with the effectiveness of our audits by our internal audit staff and by our independent auditors. Its duties include: (1) recommending the selection of independent auditors; (2) reviewing the scope of the audit to be conducted by them, as well as the results of their audit; (3) reviewing the organization and scope of our internal system of audit and financial controls; (4) appraising our financial reporting activities (including our Proxy Statement and Annual Report) and the accounting standards and principles followed; and (5) examining other reviews relating to compliance by employees with important policies and applicable laws. The Audit Committee operates under a written Charter adopted by the Board of Directors, a copy of which is attached to this Proxy Statement as Schedule "B".

Audit Committee Charter

The text of our Audit Committee Charter is attached as Schedule “B” to this Proxy Statement.

Composition of the Audit Committee and Independence

National Instrument 52-110 - *Audit Committees*, (“NI 52-110”) of the Canadian Securities Administrators provides that a member of an audit committee is “independent” if the member has no direct or indirect material relationship with a company, which could, in the view of the company’s Board, reasonably interfere with the exercise of the member’s independent judgment.

All of the members of our audit committee are independent, as that term is defined in NI 52-110, except for Anton J. Drescher, who is the Corporate Secretary and Chief Financial Officer of the Company.

Relevant Education and Experience

NI 52-110 provides that an individual is “*financially literate*” if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by a company’s financial statements. While Maurice Loverso does not meet the criteria of “*financially literate*”, both Ron Wages and Anton J. Drescher are considered financially literate. Collectively, they have many years of practical business experience, have served as a director of public companies and have experience reviewing financial statements of public companies. The following sets out the education and experience of Rowland Perkins and Anton J. Drescher that is relevant to the performance of their responsibilities as audit committee members.

Mr. Drescher has been a Chartered Professional Accountant, Certified Management Accountant since 1981. Audit Committee Oversight

Since the commencement of our most recently completed fiscal year, our Audit Committee has not made any recommendations to nominate or compensate an external auditor which were not adopted by our Board.

Reliance on Certain Exemptions

Since the commencement of our most recently completed financial year and the effective date of NI 52-110, we have not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditors, where

the total amount of fees related to the non-audit services are not expected to exceed 5% of the total amount of fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

Pre-Approval Policies and Procedures

Our audit committee has adopted specific policies and procedures for the engagement of non-audit services which is set out in the Audit Committee Charter attached as Schedule “B” to this Proxy Statement in the section entitled “Independent Auditor”.

Exemption

We are relying on the exemption provided by Part 6.1 of NI 52-110 for “venture issuers” which allows for an exemption from Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110 and allows for the short form of disclosure of audit committee procedures set out in Form 52-110F2 and disclosed in this Proxy Statement.

Other Committees

The Board of Directors currently has no other committees.

Insider Trading Policies and Procedures

DIRECTOR AND EXECUTIVE COMPENSATION AND OTHER TRANSACTIONS WITH MANAGEMENT

Compensation Discussion and Analysis

Overview of Compensation Program

We do not have a compensation committee. Our Board of Directors (the “**Board**”) is responsible for establishing, implementing and monitoring adherence with our compensation policy. The Board ensures that the total compensation paid to our directors, officers and employees is fair, reasonable and competitive.

During the financial year ended December 31, 2024, we had two Named Executive Officers (“**NEO**”) being Rowland Perkins, our Chief Executive Officer (“**CEO**”) and President and Anton J. Drescher, our Chief Financial Officer (“**CFO**”) and Corporate Secretary.

“Named Executive Officer” or “NEO” means: (a) each CEO, (b) each CFO, (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000; and (d) each individual who would be a NEO under (c) above but for the fact that the individual was neither an executive officer of the company, nor acting in a similar capacity, at the end of that financial year.

Employments Contracts

We do not have an employment contract with Mr. Perkins and Mr. Drescher. We have no obligation to provide any compensation to Mr. Perkins or Mr. Drescher in the event of their resignation, retirement or termination, or a change in control of our company, or a change in any NEO’s responsibilities following a change in control.

We may in the future create retirement, pension, profit sharing and medical reimbursement plans covering our NEOs and directors.

Director Interlocks and Insider Participation

Decisions concerning the compensation of our NEOs are made by the Board. All members of the Board during fiscal 2024 participated in the Board’s deliberations concerning NEO compensation during the fiscal year ended December 31, 2024.

Board of Directors Report on Executive Compensation

The Board determines the compensation of our NEOs.

We intend to establish a compensation committee at such time as we are able to attract a sufficient number of outside directors to the Board. We are unable to state when we will be able to establish a formal compensation committee. Pending establishment of the committee, the entire Board will continue to be responsible for our executive compensation policy.

Compensation Philosophy

We must compete for, attract, develop, motivate and retain high quality executive management personnel. In order to do so, we intend to offer a package including a competitive salary and, on a discretionary basis, additional compensation in the form of stock options.

Cash Compensation

Our executive salary levels are intended to be consistent with competitive salary levels and job responsibilities and experience level of each executive, as well as our overall salary structure and financial condition. Salary changes reflect competitive and economic trends, our overall financial performance and the performance of the individual executive. Salaries are reviewed annually by the Board.

Stock Options

Stock options are designed to attract and retain executives who can make significant contributions to our success, reward executives for such contributions, give executives a long-term incentive to increase stockholder value, and align the interests of our executive officers with those of our stockholders.

The Board has made, and expects to continue to make, grants of stock options to executive officers. Recipients of option grants, and the size of the grants, are determined based on several factors, including the responsibilities of the individual officers, their past and anticipated contributions to our success, our overall performance, and prior option grants.

Compensation of the CEO

In setting the compensation payable for fiscal 2023 to our NEOs, the Board generally considered the same factors described above, as well as our current financial condition. Given that we currently do not have any financial resources a decision was made to defer compensation to the NEOs until such time as we have sufficient funding. The Board intends that compensation to the NEOs will be competitive with compensation paid to executive officers of similar sized companies in our industry and to reward our NEOs for directing our efforts in initiating and expanding our streaming media business.

Benefits and Perquisites

Our NEOs do not receive any benefits or perquisites other than as disclosed herein.

IRS Limits on Deductibility of Compensation

We are subject to Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the deductibility of certain compensation payments to our executive officers in excess of \$1.0 million. No cash compensation was paid in fiscal 2024 to the CEO or any other executive officer. Section 162(m) also provides for certain exemptions to the limitations on deductibility, including compensation that is “performance-based” within the meaning of Section 162(m). Because we do not currently have a compensation committee comprised solely of outside directors, we currently cannot avail ourselves of the “performance-based” compensation exemption under Section 162(m).

Members of the Board of Directors during fiscal 2024 were:

Anton J. Drescher
 Fabrice Hilliker
 Maurice Loverso
 Rowland Perkins
 Tom Perovic
 Ron Wages

Pay versus Performance

As required by Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive “compensation actually paid” (as defined by SEC rules) and certain financial performance metrics of the Company for the last two fiscal years. In determining the “compensation actually paid” to our named executive officers, we are required to make various adjustments to amounts that have been previously reported in the Summary Compensation Table (“SCT”) in previous years, as the SEC’s valuation methods for this section differ from those required in the SCT. The table below summarizes compensation values both as previously reported in our SCT, as well as the adjusted values required in this section for the 2024, 2023 and 2022 calendar years. The Board did not consider the pay versus performance disclosure when making its incentive compensation decisions.

The following table sets for the information concerning the compensation of our principal executive officer, or “PEO”, and the compensation of our other NEO for each of the years ending December 31, 2024, 2023 and 2022, as such compensation relates to our financial performance for each such year. The PEO for each of the years presented within the following tables was Rowland Perkins, Chief Executive Officer and Director. The other NEO for each of the years presented was Anton J. Drescher, Chief Financial Officer and Director.

Analysis of the Information Presented in the Pay Versus Performance Tables

Because we are a development stage technology company, we did not have any revenue from continuing operations during the periods presented. Consequently, we have not historically focused on net income (loss) as a performance measure for our executive compensation programs. In 2022, 2023 and 2024, our net loss improved from approximately \$1.609 million in 2022 to approximately \$0.59 million in 2023 to approximately \$0.33 million in 2024 and during the same periods the compensation actually paid to our PEO was \$Nil in each of 2024, 2023 and 2022 and compensation actually paid to our other NEO increased from \$135,000 in 2022 to \$148,500 in 2023 and to \$90,000 in 2024.

The following graph shows the compensation actually paid to Mr. Perkins and the amount of compensation actually paid to Mr. Drescher during the periods presented and total shareholder return over those periods. Total Shareholder return was negative during 2022, 2023 and 2024. Mr. Perkins' compensation remained unchanged year over year and the amount of compensation actually paid to Mr. Drescher increased year over year.

We utilize performance measures to align executive compensation with performance, but those tend not to be financial performance measures, such as total shareholder return. For example, as described in more detail above in the section “Executive Compensation – Compensation Discussion and Analysis,” our named executive officers are eligible to receive short term bonuses which are designed to provide appropriate incentives to our executives to achieve defined annual individual and corporate goals. Additionally, we believe stock options, which are an integral part of our executive compensation program, are closely related to the Company’s performance, although not directly tied to total shareholder return, because their value is directly correlated to the market price of our Common Shares and requires that the executive officer continues in our employment over the vesting period. As such, these stock option awards strongly align our executive officers’ interests with those of our Shareholders by providing a continuing financial incentive to maximize long-term value for our Shareholders and by encouraging our executive officers to continue in our employment for the long-term.

Summary Compensation Table

Our named executive officers for the fiscal years ended December 31, 2024 and 2023 consist of (i) Rowland Perkins, our current President and Chief Executive Officer, and (ii) Anton J. Drescher, our current Chief Financial Officer and Corporate Secretary. We have no other executive officers.

The following Summary Compensation Table sets forth the compensation earned by or paid to our NEOs for the fiscal years ended December 31, 2024 and 2023 as follows:

| Name and Principal Position | Year | Salary (\$) | Bonus (\$) | Stock awards (\$) | Option awards (\$) ⁽³⁾ | Non-equity incentive plan compensation (\$) | Non-qualified deferred compensation earnings (\$) | All other compensation (\$) | Total (\$) |

Equity Incentive Compensation Plan

The purpose of the Omnibus Plan is to promote the interests of the Company and its stockholders by aiding the Company in attracting and retaining employees, officers, consultants, advisors and non-employee directors capable of assuring the future success of the Company, to offer such persons incentives to put forth maximum efforts for the success of the Company's business and to compensate such persons through various stock and cash-based arrangements and provide them with opportunities for stock ownership in the Company, thereby aligning the interests of such persons with the Company's stockholders.

The following is a summary of certain provisions of the Omnibus Plan. This summary is intended as a summary only and is qualified in its entirety by reference to the Omnibus Plan attached as Schedule "C" to the proxy statement prepared for the company's annual stockholder meeting held on September 15, 2022.

Summary of Material Terms

The Omnibus Plan, in respect of options to purchase shares of common stock (“**Common Shares**”), serves as the successor to the Company’s stock option plan adopted on August 28, 2020 (the “**Original Stock Option Plan**”), and no further options to purchase Common Shares have been or will be granted under the Original Stock Option Plan from and after the effective date of the Omnibus Plan.

The purposes of the Omnibus Plan is to: (i) provide the Company with a mechanism to attract, retain and motivate highly qualified directors, officers, employees and consultants; (ii) align the interests of eligible participants in the Omnibus Plan (“**Participants**”) with that of other Shareholders of the Company generally; and (iii) enable and encourage Participants to participate in the long-term growth of the Company through the acquisition of Common Shares as long-term investments.

The Omnibus Plan is administered by the Board and provides that the Board may, from time to time, in its discretion, and in accordance with TSXV requirements or any other stock exchange on which the Common Shares are listed (the “**Exchange**”), grant to eligible Participants, non-transferable awards (the “**Awards**”). Such Awards include stock options (“**Options**”), restricted share units (“**RSUs**”), deferred share units (“**DSUs**”) and performance share units (“**PSUs**”).

Under the Omnibus Plan, the maximum number of Shares issuable at any time pursuant to outstanding Awards will be equal to: (a) 10% of the outstanding Common shares issued pursuant to Options; and (b) 9,142,257 issued pursuant to Share Units (which represents 10% of the outstanding Common Shares as of the date the Plan was approved by the Board), or such other number as may be approved by the Exchange and the shareholders of the Company from time to time. For so long as the Company is listed on the Exchange or on another exchange that requires the Company to fix the number of Common Shares to be issued pursuant to Share Units, the maximum number of Common Shares available for issuance pursuant to the settlement of RSUs, DSUs and PSUs together will be an aggregate of 9,142,257 Common Shares.

The Omnibus Plan is an “evergreen” plan, as Common Shares covered by Awards which have been exercised or settled, as applicable, and Awards which expire or are forfeited, cancelled or otherwise terminated or lapse for any reason without having been exercised, will be available for subsequent grant under the Omnibus Plan.

The maximum number of Common Shares for which Awards may be issued to any one Participant in any 12-month period shall not exceed 5% of the outstanding Common Shares, unless the Company obtains disinterested shareholder approval as required by the policies of the Exchange. The aggregate number of Common Shares for which Awards may be issued to any one consultant within any 12-month period shall not exceed 2% of the outstanding Common Shares, calculated on the date an Award is granted to the consultant. The aggregate number of Common Shares for which Options may be issued to any persons retained to provide Investor Relations Activities (as defined by the Exchange) within any 12-month period shall not exceed 2% of the outstanding Shares, calculated on the date an Option is granted to such persons.

Further, unless disinterested shareholder approval as required by the policies of the Exchange is obtained: (i) the maximum number of Common Shares for which Awards may be issued to insiders of the Company (as a group) at any point in time shall not exceed 10% of the outstanding Common Shares; and (ii) the aggregate number of Awards granted to insiders of the Company (as a group), within any 12-month period, shall not exceed 10% of the outstanding Common Shares, calculated at the date an Award is granted to any insider.

The Omnibus Plan provides for customary adjustments or substitutions, as applicable, in the number of Common Shares that may be issued under the Omnibus Plan in the event of a merger, arrangement, amalgamation, consolidation, reorganization, recapitalization, separation, stock dividend, extraordinary dividend, stock split, reverse stock split, split up, spin-off or other distribution of stock or property of the Company, combination of securities, exchange of securities, dividend in kind, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction.

In the event of an actual or potential Change of Control (as is defined in the Omnibus Plan) of the Company, the Board shall have discretion as to the treatment of Awards, including whether to (i) accelerate, conditionally or otherwise, on such terms as it sees fit, the vesting date of any Awards; (ii) permit the conditional redemption or exercise of any Awards, on such terms as it sees fit; (iii) otherwise amend or modify the terms of any Awards; and (iv) terminate, following the successful completion of a Change of Control, on such terms as it sees fit, the Awards not exercised prior to the successful completion of such Change of Control. If there is a Change of Control, any Awards held by a Participant shall automatically vest following such Change of Control, if the Participant is an employee, officer or a director and their employment, or officer or director position is terminated within 12 months following the Change of Control, provided that no acceleration of Awards shall occur in the case of a Participant that was retained to provide Investor Relations Activities unless the approval of the Exchange is either obtained or not required.

Neither the Awards nor the securities which may be acquired pursuant to the exercise of the Awards have been registered under the United States Securities Act of 1933 (the “**U.S. Securities Act**”) or under any securities law of any state of the United States of America and are considered “restricted securities” (as such term is defined in Rule 144(a)(3) under the U.S. Securities Act) and any Common Shares will be affixed with an applicable restrictive legend as set forth in the Award Agreement. Provisions of the Omnibus Plan relating to U.S. Taxpayers can be found in Article 17 of the Omnibus Plan, which is attached as Schedule “C” to the proxy statement prepared for the company’s annual stockholder meeting held on September 15, 2022.

Options

Subject to the terms and conditions of the Omnibus Plan, the Board may grant Options to Participants in such amounts and upon such terms (including the exercise price, duration of the Options, the number of Common Shares to which the Option pertains, and the conditions, if any, upon which an Option shall become vested and exercisable) as the Board shall determine.

The exercise price of the Options will be determined by the Board at the time any Option is granted. In no event will such exercise price be lower than the last closing price of the Common Shares on the Exchange less any discount permitted by the rules or policies of the Exchange at the time the Option is granted. Such price upon exercise of any Option shall be payable to the Company in full in cash, by certified cheque or by wire transfer, by a cashless exercise or a net exercise.

In connection with a cashless exercise, the Participant shall elect, on a notice of exercise, to receive a loan from a brokerage firm, which the Company has an arrangement with, to purchase the underlying Common Shares. Upon the sale by the brokerage firm of an equivalent number of Common Shares received from the exercise of the Options to repay the loan made to the Participant, the Participant shall elect to receive either the balance of the Common Shares following the sale or the cash proceeds from the balance of the Common Shares.

In connection with a net exercise, the Participant shall elect on a notice of exercise to receive an amount equal to the number of underlying Common Shares listed on the Exchange that is the equal to the quotient obtained by dividing: (a) the product of the number of Options being exercised multiplied by the difference between the five-day volume weighted average price of the underlying Common Shares so listed and the exercise price of the subject Options; by (b) the five-day volume weighted average price of the underlying Common Shares so listed; provided, however, that persons retained to provide investor relations activities shall not be permitted to exercise an Option using the net exercise method.

Unless otherwise specified in an Award agreement granting Options, Options shall vest subject to Exchange policies, and the Board may in its sole discretion, determine the time during which an Option shall vest and the method of vesting, or that no vesting restriction shall exist.

Subject to any requirements of the Exchange, the Board may determine the expiry date of each Option. Subject to a limited extension if an Option expires during a black out period, Options may be exercised for a period of up to ten years after the grant date, provided that: (i) upon a Participant’s termination for cause, all Options, whether vested or not, as at the date on which a Participant ceases to be eligible to participate under the Omnibus Plan (the “**Termination Date**”) as a result of termination of employment, will automatically and immediately expire and be forfeited; (ii) upon the death of a Participant, all unvested Options as at the Termination Date shall automatically and immediately vest,

and all vested Options will continue to be subject to the Omnibus Plan and be exercisable for a period of 12 months after the Termination Date; (iii) in the case of the disability of a Participant, all Options shall remain and continue to vest (and are exercisable) in accordance with the terms of the Omnibus Plan for a period of 12 months after the Termination Date, provided that any Options that have not been exercised (whether vested or not) within 12 months after the Termination Date shall automatically and immediately expire and be forfeited on such date; (iv) in the case of the retirement of a Participant, the Board shall have discretion, with respect to such Options, to determine whether to accelerate the vesting of such Options, cancel such Options with or without payment and determine how long, if at all, such Options may remain outstanding following the Termination Date, provided, however, that in no event shall such Options be exercisable for more than 12 months after the Termination Date; and; (v) in all other cases where a Participant ceases to be eligible under the Omnibus Plan, including a termination without cause or a voluntary resignation, unless otherwise determined by the Board, all unvested Options shall automatically and immediately expire and be forfeited as of the Termination Date, and all vested Options will continue to be subject to the Omnibus Plan and be exercisable for a period of 90 days after the Termination Date.

RSUs

Subject to the terms and conditions of the Omnibus Plan, the Board may grant RSUs to Participants in such amounts and upon such terms (including time-based restrictions on vesting, restrictions under applicable laws or under the requirements of the Exchange) as the Board shall determine.

No RSU may vest before one year following the date it is granted or issued. The vesting of RSUs may be accelerated in limited circumstances, in the case of the death of Participant or upon a Participant ceasing to be an eligible participant under the Omnibus Plan in connection with a change of control, take-over bid, Reverse Take-Over or other similar transaction.

Unless otherwise specified in an Award agreement granting RSUs, RSUs shall vest at the discretion of the Board, subject to the policies of the Exchange, provided that, and subject to the Board's discretion: (i) upon a Participant's termination for cause, all RSUs, whether vested (if not yet paid out) or not as at the Termination Date will automatically and immediately expire and be forfeited; (ii) upon the death of a Participant, all unvested RSUs as at the Termination Date shall automatically and immediately vest and be paid out; (iii) in the case of the disability of a Participant, all RSUs shall remain and continue to vest in accordance with the terms of the Omnibus Plan for a period of 12 months after the Termination Date, provided that any RSUs that have not been vested within 12 months after the Termination Date shall automatically and immediately expire and be forfeited on such date; (iv) in the case of the retirement of a Participant, the Board shall have discretion, with respect to such RSUs, to determine whether to cancel such RSUs with or without payment and determine how long, if at all, such RSUs may remain outstanding following the Termination Date, provided, however, that in no event shall such RSUs be exercisable for more than 12 months after the Termination Date; and (v) in all other cases where a Participant ceases to be eligible under the Omnibus Plan, including a termination without cause or a voluntary resignation, unless otherwise determined by the Board, all unvested RSUs shall automatically and immediately expire and be forfeited as of the Termination Date, and all vested RSUs will be paid out in accordance with the Omnibus Plan.

When and if RSUs become payable, the Participant issued such RSUs shall be entitled to receive payment from the Company in settlement of such RSU: (i) in a number of Common Shares (issued from treasury) equal to the number of RSUs being settled, or (ii) in any other form, all as determined by the Board at its sole discretion. The Board's determination regarding the form of payout shall be set forth or reserved for later determination in the Award agreement for the grant of the RSUs.

Participants holding RSUs may, if the Board so determines, be credited with dividends paid with respect of the underlying Common Shares or dividend equivalents while they are so held in a manner determined by the Board in its sole discretion.

DSUs

Subject to the terms and conditions of the Omnibus Plan, the Board may grant DSUs to Participants in such amounts and upon such terms (including the requirement that Participants pay a stipulated purchase price for each DSU, restrictions based upon the achievement of specific performance criteria, time-based restrictions, restrictions under

applicable laws or under the requirements of the Exchange, or holding or sale restrictions placed on the Common Shares by the Company upon vesting of such DSUs) as the Board shall determine.

When and if DSUs become payable, the Participant issued such DSUs shall be entitled to receive payment from the Company in settlement of such DSU: (i) in a number of Common Shares (issued from treasury) equal to the number of DSUs being settled, or (ii) in any other form, all as determined by the Board at its sole discretion. The Board's determination regarding the form of payout shall be set forth or reserved for later determination in the Award agreement for the grant of the DSUs. Participants holding DSUs may, if the Board so determines, be credited with dividends paid with respect of the underlying Common Shares or dividend equivalents while they are so held in a manner determined by the Board in its sole discretion.

The extent to which a Participant shall have the right to retain DSUs following termination of the Participant's employment or other relationship with the Company, shall be set out in each DSU award agreement and determined in the sole discretion of the Board, and need not be uniform among all DSUs issued pursuant to the Omnibus Plan, and may reflect distinctions based on the reasons for termination, provided that the provisions shall comply with the applicable rules of the Exchange.

No DSU may vest before one year following the date it is granted or issued. The vesting of DSUs may be accelerated in limited circumstances, in the case of the death of Participant or upon a Participant ceasing to be an eligible participant under the Omnibus Plan in connection with a change of control, take-over bid, Reverse Take-Over or other similar transaction, provided, however, that in the event that a Participant ceases to be an eligible Participant under the Omnibus Plan, no DSU granted to that Participant shall remain outstanding for a period of more than 12 months following the Termination Date, provided that any DSUs that have not been settled within 12 months after the Termination Date shall automatically and immediately expire and be forfeited on such date.

Performance Awards

Subject to the terms and conditions of the Omnibus Plan, the Board may grant PSUs to Participants in such amounts and upon such terms (including the performance criteria applicable to such PSUs) as the Board shall determine. Each PSU shall have an initial value equal to the fair market value of a Common Share on the date of grant. After the applicable performance period has ended, the holder of a PSU shall be entitled to receive payout on the value and number of PSUs, determined as a function of the extent to which the corresponding performance criteria have been achieved.

Subject to the terms of the Omnibus Plan, the Board, in its sole discretion, may pay earned PSUs in the form of a number of Common Shares issued from treasury equal to the number of earned PSUs at the end of the applicable performance period. Any Common Shares may be granted subject to any restrictions deemed appropriate by the Board.

Participants holding PSUs may, if the Board so determines, be credited with dividends paid with respect of the underlying Common Shares or dividend equivalents while they are so held in a manner determined by the Board in its sole discretion.

The extent to which a Participant shall have the right to retain PSUs following termination of the Participant's employment or other relationship with the Company, shall be set out in each PSU award agreement and determined in the sole discretion of the Board, and need not be uniform among all PSUs issued pursuant to the Omnibus Plan, and may reflect distinctions based on the reasons for termination, provided that the provisions shall comply with the applicable rules of the Exchange.

No PSU may vest before one year following the date it is granted or issued. The vesting of PSUs may be accelerated in limited circumstances, in the case of the death of Participant or upon a Participant ceasing to be an eligible participant under the Omnibus Plan in connection with a change of control, take-over bid, Reverse Take-Over or other similar transaction, provided, however, that in the event that a Participant ceases to be an eligible Participant under the Omnibus Plan, no PSU granted to that Participant shall remain outstanding for a period of more than 12 months following the Termination Date, provided that any PSUs that have not been settled within 12 months after the Termination Date shall automatically and immediately expire and be forfeited on such date.

A copy of the Omnibus Plan is available under the Company's SEDAR profile at www.sedarplus.ca and under the Company's EDGAR profile at www.sec.gov. The Omnibus Plan will also be available for inspection at the Meeting. *SEE ITEM 3. APPROVAL OF OMNIBUS EQUITY INCENTIVE COMPENSATION PLAN* below.

PROPOSAL THREE: APPROVAL OF OMNIBUS EQUITY INCENTIVE COMPENSATION PLAN

At the Meeting the Board of Directors will seek stockholder approval of the continuation of the Omnibus Plan adopted by the Board of Directors on July 19, 2022 and most recently approved by stockholders at the Company’s annual stockholder meeting held on September 30, 2024.

The summary of the key terms of the Omnibus Plan set out above under the section in Item 1 titled “*Securities Authorized for Issuance Under Equity Compensation Plans – Equity Incentive Compensation Plan*” is not complete and is qualified in its entirety by reference to the Omnibus Plan, a copy of which is available under the Company’s SEDAR profile at www.sedarplus.ca and under the Company’s EDGAR profile at www.sec.gov. The Omnibus Plan will also be available for inspection at the Meeting.

Resolution for Stockholder Approval of Omnibus Plan

Accordingly, the Company is asking our stockholders to indicate their support for the continuation of the Omnibus Plan as described in this Proxy Statement by voting “FOR” the following resolution at the Meeting:

“**RESOLVED** that the Company’s Omnibus Plan, dated for reference July 19, 2022 and substantially in the form attached as Schedule “C” to the Company’s Schedule 14A Proxy Statement dated July 22, 2022, be and is hereby ratified and approved until the next annual meeting of stockholders.”

In order to be effective, the Omnibus Plan Resolution must be approved by a majority of the votes cast in person or by proxy at the Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE OMNIBUS PLAN RESOLUTION.

PROPOSAL FOUR: APPROVAL OF THE AMENDMENT TO EFFECT THE REVERSE STOCK SPLIT

Our Board of Directors has approved the Reverse Stock Split Proposal to amend our Articles of Incorporation to effect a reverse stock split of the Company’s outstanding shares of common stock at a ratio between 1-for-2 and 1-for-10 (the “**Reverse Split**”), subject to approval of the TSXV. The Reverse Stock Split Proposal permits (but does not require) the Board of Directors to effect the Reverse Split. The form of Articles of Amendment (the “**Amendment**”) to effect the Reverse Split is attached as Schedule “A” to this proxy statement.

At the Meeting, the Board of Directors will seek shareholder approval of an amendment to the Company’s Articles of Incorporation to effect the Reverse Split, subject to the approval of the TSXV and to be determined at the discretion of our Board of Directors, subject to the Board of Director’s discretion to abandon such amendment. If this Proposal No. 4 is approved, the Board of Directors may decide not to effect the Reverse Split if it determines that it is not in the best interests of the Company to do so. The Board of Directors does not currently intend to seek re-approval of the Reverse Split for any delay in implementing the Reverse Split unless twelve months has passed from the date of this Annual Meeting (the “**Authorized Period**”). If the Board of Directors determines to implement the Reverse Split, it will become effective upon filing an Articles of Amendment to the Articles of Incorporation of the Company with the Wyoming Secretary of State or at such later date specified therein.

Reasons for the Reverse Split

The primary purpose for effecting the Reverse Split is to increase the per-share trading price of the shares of our common stock so we can:

- improve the liquidity and marketability of our shares of common stock;
- broaden the pool of investors that may be interested in investing in the Company by attracting new investors who would prefer not to invest, or cannot invest, in shares that trade at lower share prices; and
- make our shares of common stock a more attractive investment to institutional investors.

In evaluating the Reverse Split, the Board of Directors has considered and will continue to consider negative factors associated with reverse stock splits. These factors include the negative perception of reverse stock splits held by many investors, analysts and other stock market participants, including their awareness that the trading prices of the common stock of some companies that have effected reverse stock splits have subsequently declined to pre-reverse stock split levels. In recommending the Reverse Split, the Board of Directors determined that it believes the potential benefits of the Reverse Split significantly outweighed these potential negative factors.

Other Potential Benefits of Reverse Split

We believe that the Reverse Split will make our common stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our common stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. Many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. We believe that the Reverse Split will make our common stock a more attractive and cost-effective investment for many investors, which will enhance the liquidity of the holders of our common stock.

Reducing the number of outstanding shares of our common stock through the Reverse Split is intended, absent other factors, to increase the per share market price of our common stock. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common stock. As a result, there can be no assurance that the Reverse Split, if completed, will result in the intended benefits described above, that the market price of our common stock will increase (proportionately to the reduction in the number of shares of our common stock after the Reverse Split or otherwise) following the Reverse Split or that the market price of our common stock will not decrease in the future. Accordingly, the total market capitalization of our common stock after the Reverse Split could be lower or higher than the total market capitalization before the Reverse Split.

The implementation of the Reverse Split will result in an effective increase in the authorized number of shares of our common stock relative to the number of shares outstanding. By consolidating the number of outstanding shares, the Reverse Split increases the number of authorized but unissued shares without changing the total authorized share count. This provides us with the flexibility to consider and respond to future business opportunities and needs as they arise, including equity offerings and other issuances, mergers, business combinations or other strategic transactions, asset acquisitions, stock dividends, other stock splits and other corporate purposes, although we have no current plans to issue additional securities. The Board believes that having such additional authorized shares of common stock available for issuance under the Articles of Incorporation will give us increased flexibility and would allow such shares to be issued without the expense and delay of a special stockholders' meeting unless such approval is expressly required by applicable law.

Certain Risks and Potential Disadvantages Associated with a Reverse Split

We cannot assure stockholders that the proposed Reverse Split will sufficiently increase our stock price. The effect of a Reverse Split on our stock price cannot be predicted with any certainty, and the history of reverse stock splits for other companies, including those in our industry, is varied, particularly since some investors may view a reverse stock split negatively. It is possible that our stock price after a Reverse Split will not increase in the same proportion as the reduction in the number of shares outstanding, causing a reduction in the Company's overall market capitalization. Further, even if we implement the Reverse Split, our stock price may decline due to various factors, including our future performance and general industry, market and economic conditions. This percentage decline, as an absolute number and as a percentage of our overall market capitalization, may be greater than would occur in the absence of the Reverse Split.

The proposed Reverse Split may decrease the liquidity of our common stock and result in higher transaction costs. The liquidity of our common stock may be negatively impacted by the reduced number of shares outstanding after the Reverse Split, which would be exacerbated if the stock price does not increase following the Reverse Split. In addition, a Reverse Split would increase the number of stockholders owning "odd lots" of fewer than 100 shares, trading in which generally results in higher transaction costs. Accordingly, a Reverse Split may not achieve the desired results of increasing marketability and liquidity as described above.

The implementation of a Reverse Split would result in an effective increase in the authorized number of shares of common stock available for issuance, which could, under certain circumstances, have anti-takeover implications. The

additional shares of common stock available for issuance could be used by the Company to oppose a hostile takeover attempt or to delay or prevent changes in control or in our management. Although the Reverse Split has been prompted by business and financial considerations, and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at us), stockholders should be aware that approval of the Reverse Split could facilitate future efforts by us to deter or prevent changes in control, including transactions in which stockholders might otherwise receive a premium for their shares over then-current market prices.

Stockholders should also keep in mind that the implementation of a Reverse Split does not have an effect on the actual or intrinsic value of our business or a stockholder's proportional ownership interest (subject to the treatment of fractional shares). However, should the overall value of our common stock decline after a Reverse Split, then the actual or intrinsic value of shares held by stockholders will also proportionately decrease as a result of the overall decline in value.

Effect of the Reverse Split on Holders of Outstanding Common Stock

Pursuant to the ratio for the Reverse Split determined by the Board of Directors, from 2 to 20 shares of existing common stock will be combined into one new share of common stock. Based on [*insert number of outstanding shares*] shares of common stock issued and outstanding as of the record date, immediately following the Reverse Split, the Company would have approximately [*insert number of outstanding shares post-reverse split*] shares of common stock issued and outstanding (without giving effect to rounding for fractional shares). Fractional shares will not be issued. Instead, we will issue a full share of post-Reverse Split common stock to any stockholder who would have been entitled to receive a fractional share of common stock as a result of the Reverse Split.

The Reverse Split will affect all holders of our common stock uniformly and will not affect any stockholder's percentage ownership interest in us or proportional voting power, except to the extent the Reverse Split would result in some of our stockholders receiving one share of our common stock in lieu of a fractional share.

The Reverse Split will result in some stockholders owning "odd lots" of less than 100 shares of common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 shares.

We do not intend for this transaction to be the first step in a series of plans or proposals of a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

After the Reverse Split is effective, our common stock will have a new Committee on Uniform Securities Identification Procedures (CUSIP) number, which is a number used to identify our equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP number by following the procedures described below. After the Reverse Split, we will continue to be subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934, as amended.

Effective Time

The proposed Reverse Split would become effective at 5:00 p.m., Eastern time, on the date of filing of the Amendment with the office of the Secretary of State of the State of Wyoming, or such later date as is chosen by the Board and set forth in the Amendment, which date we refer to as the Reverse Split Effective Date. Except as explained below with respect to fractional shares, effective as of 5:00 p.m., Eastern time, on the Reverse Split Effective Date, shares of common stock issued and outstanding immediately prior thereto will be combined, automatically and without any action on the part of us or our stockholders, into a lesser number of shares of our common stock in accordance with the ratio between 1-for-2 to 1-for-20.

Beneficial Holders of Common Stock (i.e., stockholders who hold in street name)

Upon the implementation of the Reverse Split, we intend to treat shares held by stockholders through a bank, broker, custodian or other nominee in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Split for their beneficial holders holding our common stock in street name. However, these banks, brokers, custodians or other nominees may have

different procedures than registered stockholders for processing the Reverse Split. Stockholders who hold shares of our common stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

Registered “Book-Entry” Holders of Common Stock (i.e., stockholders that are registered on the transfer agent’s books and records but do not hold stock certificates)

Certain of our registered holders of common stock may hold some or all of their shares electronically in book-entry form with the transfer agent. These stockholders do not have stock certificates evidencing their ownership of the common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

Stockholders who hold shares electronically in book-entry form with the transfer agent will not need to take action (the exchange will be automatic) to receive shares of post-Reverse Split common stock.

Holders of Certificated Shares of Common Stock

Stockholders holding shares of our common stock in certificated form will be sent necessary instructions by our transfer agent after the effective time of the Reverse Split indicating how a stockholder should surrender his, her or its certificate(s) representing shares of our common stock (the “Old Certificates”) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Split common stock (the “New Certificates”). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates to our transfer agent in accordance with its instructions. No stockholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. Stockholders will then receive a New Certificate(s) representing the number of whole shares of common stock that they are entitled as a result of the Reverse Split. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-Reverse Split common stock to which these stockholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), the New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate(s).

Stockholders should not destroy any stock certificate(s) and should not submit any stock certificate(s) until requested to do so.

Effect of the Reverse Split on Employee Plans, Options, Restricted Stock Awards and Units, Warrants, and Convertible or Exchangeable Securities

Proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of common stock. This would result in approximately the same aggregate price being required to be paid under such options, warrants, convertible or exchangeable securities upon exercise, and approximately the same value of shares of common stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Split as was the case immediately preceding the Reverse Split. The number of shares deliverable upon settlement or vesting of restricted stock awards will be similarly adjusted. The number of shares reserved for issuance pursuant to these securities will be proportionately based upon the ratio determined at the discretion of the Board of Directors between 1-fo-2 and 1-for-20.

No Appraisal Rights

Our stockholders are not entitled to dissenters’ or appraisal rights under the Wyoming Business Corporation Act with respect to the Amendment to effect the Reverse Split.

Accounting Matters

This proposed amendment to our Articles of Incorporation will not affect the par value of our common stock per share. As a result, as of the time the Reverse Split is effective, the stated capital attributable to common stock and the additional paid-in capital account on our balance sheet will not change due to the Reverse Split. Reported per share net loss will be higher because there will be fewer shares of common stock outstanding.

Certain Material U.S. Federal Income Tax Consequences of the Reverse Split to U.S. Holders

The following is a general summary of the material U.S. federal income tax consequences of the Reverse Split to certain U.S. holders of our common stock. This discussion is based on provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury Regulations promulgated thereunder and administrative rulings and pronouncements of the Internal Revenue Service (“IRS”), and judicial decisions, each as in effect as of the date of this proxy statement and all of which are subject to change or differing interpretations. Any such change or differing interpretation, which may or may not be retroactive, could alter the tax consequences described herein. This summary is for general information only, is not tax advice, and is not intended to constitute a complete description of all tax consequences relating to the Reverse Split.

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our common stock that is a U.S. holder. For purposes of this discussion, the term “U.S. holder” means a beneficial owner of our common stock, that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States or someone treated as a U.S. citizen or resident for U.S. federal income tax purposes;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes), created or organized in or under the laws of the United States, or any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Partnerships holding our common stock and the partners therein should consult their tax advisors regarding the tax consequences to them of the Reverse Split.

The discussion below only addresses stockholders who hold our common stock as a capital asset within the meaning of Section 1221 of the Code (generally property held for investment). It does not address all aspects of U.S. federal income tax that may be relevant to a stockholder in light of such stockholder’s particular circumstances or to a stockholder subject to special rules, such as brokers or dealers in securities or foreign currencies, stockholders that are not U.S. holders, regulated investment companies, real estate investment trusts, traders in securities who mark to market, banks, financial institutions or insurance companies, mutual funds, stockholders holding their stock through individual retirement or other tax-deferred accounts, tax-exempt organizations, stockholders holding their stock as “qualified small business stock” pursuant to Section 1202 of the Code or as Section 1244 stock for purposes of the Code, stockholders who acquired their stock in connection with the exercise of warrants, stock options or stock purchase plans or other employee plans or compensatory arrangements, stockholders whose functional currency is not the U.S. dollar, partnerships or other entities classified as partnerships or disregarded entities for U.S. federal income tax purposes (or persons holding our common stock through such entities), stockholders who hold their stock as part of an integrated investment (including a “straddle,” a pledge against currency risk, a hedge or other “constructive” sale or “conversion” transaction) comprised of shares of our common stock and one or more other positions, or stockholders who may have acquired their stock in a transaction subject to the gain rollover provisions of Section 1045 of the Code. In addition, this summary does not address any tax consequences other than certain U.S. federal income tax consequences of the Reverse Split, including the tax consequences of the Reverse Split under state, local or non-U.S. tax laws, or under estate, gift, excise or other non-income tax laws, any alternative minimum tax, the Medicare contribution tax on net investment income, the special tax accounting rules under Section 451(b) of the Code, the tax consequences of transactions effectuated prior or subsequent to, or concurrently with, the Reverse Split

(whether or not any such transactions are consummated in connection with the Reverse Split) including, without limitation, the tax consequences to holders of options, warrants or similar rights to acquire our common stock.

The information in this proxy statement regarding the tax consequences of the Reverse Split is not binding with the IRS or the courts. We have not sought, and do not intend to seek, any tax opinion from counsel or ruling from the IRS with respect to any of the statements made in this summary. There can be no assurance that the IRS will not take a position contrary to these statements or that a contrary position taken by the IRS would not be sustained by a court. Accordingly, each stockholder should consult with such stockholder's own tax advisor with respect to all of the potential tax consequences to such stockholder of the Reverse Split.

PLEASE CONSULT YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE REVERSE SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.

The Reverse Split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, a U.S. holder generally will not recognize gain or loss on the receipt of common stock in the Reverse Split, except for a stockholder receiving an additional share of common stock in lieu of a fractional share (as described below). Subject to the following discussion regarding a U.S. holder's receipt of a whole share of the Company's common stock in lieu of a fractional share, a U.S. holder's aggregate tax basis in the post-split shares received should equal the aggregate tax basis of the pre-split shares exchanged therefor, and the holding period of the post-split shares received should include the holding period of the pre-split shares exchanged. Treasury Regulations promulgated under the Code provide detailed rules for allocating the tax basis and holding period of the shares of the Company's common stock surrendered to the shares of the Company's common stock received pursuant to the Reverse Split. U.S. holders of shares of the Company's common stock acquired on different dates and at different prices should consult their own tax advisors regarding the allocation of the tax basis and holding period of such shares. A stockholder who receives one whole share of common stock in lieu of a fractional share may recognize income or gain in an amount not to exceed the excess of the fair market value of such share over the fair market value of the fractional share to which the stockholder was otherwise entitled. The Company is not making any representation as to whether the receipt of one whole share in lieu of a fractional share will result in income or gain to any stockholder, and stockholders are urged to consult their own tax advisors as to the possible tax consequences of receiving a whole share in lieu of a fractional share in a Reverse Split.

No gain or loss will be recognized by us as a result of the Reverse Split.

The preceding discussion is intended only as a summary of certain material U.S. federal income tax consequences of the Reverse Split to U.S. holders. It is not a complete analysis or discussion of all potential tax effects that may be important to a particular holder. All holders of our common stock should consult their own tax advisors as to the specific tax consequences of the Reverse Split to them, including record retention and tax-reporting requirements, and the applicability and effect of any U.S. federal, state, local and non-U.S. tax laws.

Stockholder Vote Required

At the Meeting, stockholders will be asked to approve the following resolution authorizing the Board of Directors to effect the Reverse Split (the "**Reverse Split Resolution**") as follows:

"WHEREAS the Company proposes to effect a reverse stock split of its outstanding shares of common stock at a ratio in the range of 1-for-2 and 1-for-10, with such ratio, implementation and timing of the reverse stock split to be determined at the discretion of the Board of Directors.

RESOLVED that:

1. any one director of the Company, is hereby authorized and directed to execute all instruments, documents, Articles of Amendment to the Articles of Incorporation, or Bylaws of the Company as in their opinion may be necessary or desirable in order to give effect to the Reverse Split Resolution; and
2. notwithstanding the approval of the Shareholders of the Company as herein provided, the Board of Directors of the Company may, in their sole discretion, revoke this resolution before it is acted upon, without further approval of the Shareholders of the Company.”

In order to be effective, the Reverse Split Resolution must be approved by a majority of the votes cast in person or by proxy at the Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE REVERSE SPLIT RESOLUTION.

SCHEDULE “B”
CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

PURPOSE

The Audit Committee (the “**Committee**”) of Oculus Inc. (“**Oculus**”) is a committee of the Board of Directors with the responsibility under the governing legislation of Oculus to review the financial statements, accounting policies and reporting procedures of Oculus.

The primary function of the Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by Oculus to any governmental body or the public, the systems of internal controls of Oculus regarding finance, accounting and legal compliance that management and the Board of Directors have established, and the auditing, accounting and financial reporting processes of Oculus generally. Consistent with this function, the Committee should encourage continuous improvement of, and should foster adherence to, the policies, procedures and practices at all levels of Oculus.

The primary duties and responsibilities of the Committee are to:

- Serve as an independent and objective party to monitor the financial reporting process and the system of internal controls of Oculus.
- Monitor the independence and performance of the auditor of Oculus (the “Auditor”) and the internal audit function of Oculus.
- Provide an open avenue of communication among the Auditor, financial and senior management and the Board of Directors.

The Committee will primarily fulfill these responsibilities by carrying out the activities set out in Section 4 of this Charter.

COMPOSITION

- The Committee shall be comprised of two or more directors as determined by the Board of Directors. The composition of the Committee shall adhere to all applicable corporate and securities laws and all requirements of the stock exchanges on which shares of Oculus are listed. In particular, the composition of the Committee shall be in accordance with the U.S. Securities Exchange Act of 1934, as amended, and the required qualifications and experience of the members of the Committee, subject to any exemptions or other relief that may be granted from time to time.
- All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Committee shall be a “financial expert” in accordance with applicable laws and all requirements of the stock exchanges on which shares of Oculus are listed.
- Members of the Committee shall be elected by the Board of Directors at the meeting of the Board of Directors held immediately after the annual meeting of stockholders or such other times as shall be determined by the Board of Directors and shall serve until the next such meeting or until their successors shall be duly elected and qualified.
- Any member of the Committee may be removed or replaced at any time by the Board of Directors and shall cease to be a member of the Committee as soon as such member ceases to be a director. Subject to the foregoing, each member of the Committee shall hold such office until the next annual meeting of stockholders after his or her election as a member of the Committee.
- The members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board of Directors may from time to time determine.

MEETINGS

- The Committee may appoint one of its members to act as Chairman of the Committee. The Chairman will appoint a secretary who will keep minutes of all meetings (the “**Secretary**”). The Secretary does not have to be a member of the Committee or a director and can be changed by written notice from the Chairman.
- No business may be transacted by the Committee except at a meeting at which a quorum of the Committee is present or by a consent resolution in writing signed by all members of the Committee. A majority of the members of the Committee shall constitute a quorum, provided that if the number of members of the Committee is an even number, one half of the number of members plus one shall constitute a quorum.
- The Committee will meet as many times as is necessary to carry out its responsibilities, but in no event will the Committee meet less than four times a year. The Committee shall meet at least once annually with the Auditor. As part of its duty to foster open communication, the Committee should meet at least annually with management and the Auditor in separate executive sessions to discuss any matters that the Committee or each of these parties believe should be discussed privately. In addition, the Committee shall meet with the Auditor and management at least quarterly to review the financial statements of Oculus.
- The time at which, and the place where, the meetings of the Committee shall be held, the calling of meetings and the procedure in all respects of such meetings shall be determined by the Chairman, unless otherwise provided for in the By-Laws of Oculus or otherwise determined by resolution of the Board of Directors.
- The Committee may invite to, or require the attendance at, any meeting of the Committee, such officers and employees of Oculus, legal counsel or other persons as it deems necessary in order to perform its duties and responsibilities. They should also be requested or required to attend meetings of the Committee and make presentations to the Committee as appropriate.
- Subject to the provisions of the governing legislation of Oculus and applicable regulations the Chairman of the Committee may exercise the powers of the Committee in between meetings of the Committee. In such event, the Chairman shall immediately report to the members of the Committee and the actions or decisions taken in the name of the Committee shall be recorded in the proceedings of the Committee.

RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties the Committee shall:

Documents/Reports Review

- Review and recommend for approval to the Board of Directors of Oculus any revisions or updates to this Charter. This review should be done periodically, but at least annually, as conditions dictate.
- Review the interim unaudited quarterly financial statements and the annual audited financial statements, and the related press releases of Oculus and report on them to the Board of Directors.
- Satisfy itself, on behalf of the Board of Directors, that the unaudited quarterly financial statements and annual audited financial statements of Oculus are fairly presented both in accordance with generally accepted accounting principles and otherwise and recommend to the Board of Directors whether the quarterly and annual financial statements should be approved.
- Satisfy itself, on behalf of the Board of Directors, that the information contained in the quarterly financial statements of Oculus, annual report to stockholders and similar documentation required pursuant to the laws of the United States does not contain any untrue statement of any material fact or omit to state a material fact that is required or necessary to make a statement not misleading, in light of the circumstances under which it was made.
- Review any reports or other financial information of Oculus submitted to any governmental body, or the public, including any certification, report, opinion or review rendered by the Auditor.

- Review, and if deemed advisable, approve all related party transactions as defined in the governing legislation of Oculus.
- Have the right, for the purpose of performing their duties: (i) to inspect all the books and records of Oculus and its subsidiaries; (ii) to discuss such accounts and records and any matters relating to the financial position of Oculus with the officers and auditors of Oculus and its subsidiaries and the Auditor; (iii) to commission reports or supplemental information relating to the financial information; (iv) to require the Auditor to attend any or every meeting of the Committee; and (v) to engage such independent counsel and other advisors as are necessary in the determination of the Committee.
- Permit the Board of Directors to refer to the Committee such matters and questions relating to the financial position of Oculus and its affiliates or the reporting related to it as the Board of Directors may from time to time see fit.

INDEPENDENT AUDITOR

- Be directly and solely responsible for the appointment, compensation, and oversight of the work of the Auditor of Oculus upon stockholder approval of the appointment, with such Auditor being ultimately accountable to the stockholders, the Board of Directors and the Committee.
- Act as the Auditor's channel of direct communication to Oculus. In this regard, the Committee shall, among other things, receive all reports from the Auditor of Oculus, including timely reports of:

all critical accounting policies and practices to be used;
- all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the management of Oculus, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the Auditor of Oculus; and
- other material written communications between the Auditor and the management of Oculus, including, but not limited to, any management letter or schedule of unadjusted differences.
- Satisfy itself, on behalf of the Board of Directors that the Auditor is "independent" of management, within the meaning given to such term in the rules and pronouncements of the applicable regulatory authorities and professional governing bodies. In furtherance of the foregoing, the Committee shall request that the Auditor at least annually provide a formal written statement delineating all relationships between the Auditor and Oculus, and request information from the Auditor and management to determine the presence or absence of a conflict of interest. The Committee shall actively engage the Auditor in a dialogue with respect to any disclosed relationships or services that may impact the objectivity and independence of the Auditor. The Committee shall take, or recommend that the full Board of Directors take, appropriate action to oversee the independence of the Auditor.
- Be responsible for pre-approving all audit and non-audit services provided by the Auditor; provided, however, that the Committee shall have the authority to delegate such responsibility to one or more of its members to the extent permitted under applicable law and stock exchange rules.
- Review the performance of the Auditor and make recommendations to the Board of Directors as to whether or not to continue to engage the Auditor.
- Determine and review the remuneration of the Auditor and any independent advisors (including independent counsel) to the Committee.
- Satisfy itself, on behalf of the Board of Directors, that the internal audit function has been effectively carried out and that any matter which the Auditor wishes to bring to the attention of the Board of Directors has been addressed and that there are no "unresolved differences" with the Auditor.

FINANCIAL REPORTING PROCESS AND RISK MANAGEMENT

- Review the audit plan of the Auditor for the current year and review advice from the Auditor relating to management and internal controls and the responses of Oculus to the suggestions made put forth.
- Monitor the internal accounting controls, informational gathering systems and management reporting on internal controls of Oculus.
- Review with management and the Auditor the relevance and appropriateness of the accounting policies of Oculus and review and approve all significant changes to such policies.
- Satisfy itself, on behalf of the Board of Directors, that Oculus has implemented appropriate systems of internal control over financial reporting and the safeguarding of the assets of Oculus and other “risk management” functions (including the identification of significant risks and the establishment of appropriate procedures to manage those risks and the monitoring of corporate performance in light of applicable risks) affecting the assets of Oculus, management, financial and business operations and the health and safety of employees and that these systems are operating effectively.
- Review and approve the investment and treasury policies of Oculus and monitor compliance with such policies.
- Establish procedures for the receipt and treatment of (i) complaints received by Oculus regarding accounting, controls, or auditing matters and (ii) confidential, anonymous submissions by employees of Oculus as to concerns regarding questionable accounting or auditing.

LEGAL AND REGULATORY COMPLIANCE

- Satisfy itself, on behalf of the Board of Directors, that all material statutory deductions have been withheld by Oculus and remitted to the appropriate authorities.
- Without limiting its rights to engage counsel generally, review, with the principal legal external counsel of Oculus, any legal matter that could have a significant impact on the financial statements of Oculus.
- Satisfy itself, on behalf of the Board of Directors, that all regulatory compliance issues have been identified and addressed. Budgets.
- Assist the Board of Directors in the review and approval of operational, capital and other budgets proposed by management.

GENERAL

Perform any other activities consistent with this Charter, the By-laws of Oculus and governing law, as the Committee or the Board of Directors deem necessary or appropriate.

SCHEDULE “C”

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by us in adopting our corporate governance practices. Our approach to corporate governance is set out below.

Mandate and Responsibility of the Board of Directors

Our Board of Directors is responsible for supervising management in carrying on the business and affairs of our company. Directors are required to act and exercise their powers with reasonable prudence in our best interests. The Board of Directors agrees with and confirms its responsibility for overseeing management’s performance in the following particular areas: our strategic planning process; identification and management of the principal risks associated with our business; planning for succession of management; our policies regarding communications with our stockholders and others; and the integrity of our internal controls and management information systems.

In carrying out its mandate, the Board of Directors relies primarily on management to provide it with regular detailed reports on our operations and our financial position. The Board of Directors reviews and assesses these reports and other information provided to it at meetings of the full Board of Directors and of its committees. Our CEO is a member of the Board of Directors, giving the Board of Directors direct access to information on all areas of responsibility.

The independent directors do not hold separate meetings at which members of management are absent.

Composition of the Board of Directors

The Board of Directors facilitates its exercise of independent supervision over our management through frequent communication with the Board of Directors.

The Board of Directors is comprised of six directors, of whom Fabrice Helliker, Maurice Loverso, Tom Perovic and Ron Wages are independent. Rowland Perkins is not independent since he serves as President and CEO and Anton J. Drescher is not independent as he serves as Corporate Secretary and Chief Financial Officer.

Directorships

Certain of the directors are also directors of other reporting issuers, as follows:

| Director | Other Reporting Issuers |
|-------------------|--|
| Roland Perkins | N/A |
| Anton J. Drescher | International Tower Hill Mines Ltd. Xiana Mining Inc. CENTR Brands Corp. |
| Fabrice Helliker | N/A |
| Maurice Loverso | N/A |
| Tom Perovic | N/A |
| Ron Wages | N/A |

Meetings Attended Out of Meetings Held

During fiscal 2024, the Board of Directors held no informal meetings and took action by unanimous written consent on seven (7) occasions.

Orientation and Continuing Education

The Board of Directors does not have any formal policies with respect to the orientation of new directors nor does it take any measures to provide continuing education for the directors. At this stage of our development the Board of Directors does not feel it necessary to have such policies or programs in place. New directors are provided with access to our recent, publicly filed documents and our internal financial information, are provided with access to management and technical experts and consultants and a summary of significant corporate and securities responsibilities.

Members of the Board of Directors are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit our offices. Members of the Board of Directors have full access to our records.

Ethical Business Conduct

Our Board of Directors currently has a written code of ethics and views good corporate governance as an integral component to our success. In addition, our Board of Directors monitors on an ongoing basis the activities of management to ensure that the highest standard of ethical conduct is maintained. The Board of Directors views good corporate governance as an integral component to its success and to meet its responsibilities to stockholders. As we do not have a large number of officers and consultants, the Board of Directors is able to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained.

Board of Directors Approvals and Review

No formal description has yet been established of the types of decisions by us which will require prior Board of Directors approval. To date, all substantive decisions involving acquisitions, major financings, major asset sales, budgets and major business initiatives have been referred to the Board of Directors. As and when our activities evolve beyond the early stages of exploration and development for mineral interests, review and approval criteria will be further considered and specific dollar capital amounts established.

Nomination of Directors

The Board of Directors considers its size each year when it considers the number of directors to recommend to the stockholders for election at the annual meeting of stockholders, taking into account the number required to carry out the duties of the Board of Directors effectively and to maintain a diversity of view and experience.

The Board of Directors does not currently have a nominating committee. Nominating committee functions are currently performed by the Board of Directors as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Position Descriptions

The Board of Directors has not developed written position descriptions for the Chairman of the Board of Directors, a Chairman of a Committee of the Board of Directors, or the Chief Executive Officer. The Board of Directors is of the view that given our size, the relatively frequent discussions between members of the Board of Directors and the CEO, and the experience of the individual members of the Board of Directors, the responsibilities of such individuals are known and understood without position descriptions being recorded in writing. The Board of Directors will evaluate this position from time to time and if written position descriptions appear to be justified, they will be prepared.

Compensation

Our independent directors, Fabrice Helliker, Maurice Loverso, Tom Perovic and Ron Wages, have the responsibility for determining compensation for the directors and senior management and the quantity and quality of the Board of Directors compensation is reviewed on an annual basis. To determine compensation payable, the independent directors review compensation paid to directors, CEOs and CFOs of companies of similar size and at a similar stage of development in our industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account our financial and other resources. In setting the compensation, the independent directors annually review the

performance of the CEO and CFO in light of our objectives and consider other factors that may have impacted our success in achieving our objectives.

At present, we are not paying any compensation to the directors and senior management. We may in the future grant incentive stock options. The number of options to be granted is determined by the Board of Directors as a whole, which allows the independent directors to have input into compensation decisions. At this time, we do not believe our size and limited scope of operations requires a formal compensation committee.

Description of Board Committees

At the present time, our only standing committee is the Audit Committee. As our directors are actively involved in our operations, and the size of our operations does not warrant a larger Board of Directors, the Board of Directors has determined that additional committees are not necessary at this stage of our development.

The written charter of the Audit Committee, as required by NI 52-110, is contained in Schedule “B” to this Proxy Statement. As we grow, and our operations and management structure become more complex, the Board of Directors expects it will constitute formal standing committees, such as a Corporate Governance Committee, a Compensation Committee and a Nominating Committee, and will ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

Assessments

Our Board of Directors does not consider that formal assessments would be useful at this stage of our development. The Board of Directors conducts informal annual assessments of the Board’s effectiveness, the individual directors and of our Audit Committee. To assist in its review, the Board of Directors conducts informal surveys of its directors about assessment of the functioning of the Board. As part of the assessments, the Board of Directors or the individual committee may review its mandate and conduct reviews of applicable corporate policies.
